## TORSION CONTROL

### Eagle

**Size:** 5-13 Black & Grey SANS/ISO 20345

The partner boot to the Hawk shoe the Eagle with punch detail for enhanced breathability is designed with the construction worker in mind. Fitted with an aggressive TPU grip in the arch area of the sole for optimum support on scaffolding and ladders the shoe further incorporates a padded collar and padded bellows tongue for enhanced comfort as well as an anti-toe and heel scuff for enhanced durability.

### Falcon

**Size:** 5-12 Black SANS/ISO 20345

The Falcon shoe with iconic red piping boasts a padded collar and padded bellows tongue for increased comfort to the wearer. The aggressive grip design by means of TPU inserts in the arch area of the sole ensures that this is the perfect fit for those making regular use of ladders and scaffolding.

### Hawk

**Size:** 5-12 Black & Grey SANS/ISO 20345

Designed with the construction worker in mind the Hawk is fitted with an aggressive TPU grip in the arch area of the sole for optimum support on scaffolding and ladders. Incorporating a padded collar and padded bellows tongue for enhanced comfort as well as punch detail in the upper for improved breathability the shoe also features an anti-toe and heel scuff for enhanced durability.

### Hercules NSTC Black & Brown & Tan

**Size:** 5-12 Black/Brown/Tan SANS/ISO 20345

Revered as the go-to boot in the agricultural sector the Hercules Chelsea has found fame amongst farmers in SA. The genuine leather upper ensures durability whilst the Raptor sole unit provides the traction control needed in changing farming terrains. The unique low cut of the collar and elastic side gussets allow for easy foot entry and accommodates a higher bridge making this ideal for the wider South African foot. Available with steel toe cap

## TORSION CONTROL

### Hiker Mahogany STC

**Size:** 5-12 Mahogany SANS/ISO 20345

The Hiker earned its name and has maintained its reputation by allowing wearers to traverse varying and uneven terrain. By providing the ultimate in torsion control the Hiker ensures the wearer remains surefooted with exceptional ankle support wherever they go. The full-grain leather upper adds durability to this boot whilst the padded collar and bellows tongue provide the comfort that is needed. Non-steel toe available.

TOE CAP

### Kite Tan Brown & Black

**Size:** 5-12 Black/Brown/Tan SANS/ISO 20345

The partner boot to the Owl shoe the Kite brings style and sophistication to harsh terrains. With conservative eyelets the Kite carries the weight of a durable safety boot offering maximum torsion control on uneven terrain.

TOE CAP

### Owl Tan Brown & Black

**Size:** 5-12 Black/Brown/Tan SANS/ISO 20345

The Owl caters to the more discerning individual who requires a stylish leather look with the benefits of a safety shoe. With conservative eyelets the Owl allows a seamless transition from the office to the construction site.

TOE CAP

### Sentinel Security Boot

**Size:** 5-12 Black SANS/ISO 20345

The Sentinel caters to those who require both comfort and stability in a security boot. The sole offers maximum torsion control ensuring that the wearer can negotiate an array of uneven terrain and obstacles. The genuine full-grain leather upper with padded collar provides comfort to the wearer whilst the bellows tongue provides defense against debris entering the boot.

### Clog STC slip-on

**Size:** 2-13 Black SANS/ISO 20345

The Clog has been designed to provide superior slip-resistance to those working in kitchens and hospitals. The elastic side gussets ensure easy entry and removal of the shoe whilst the absence of Velcro straps and fasteners increase the shoe's hygienic properties. Fitted with a padded collar for enhanced comfort the Clog is available in an extended size curve and carries a SRC slip-resistance rating.

### GALAXY NSTC

**Size:** 5-12 Black SANS/ISO 20345

The Galaxy has become a favourite for those who require the protection of a boot and the slip-resistance of an SRC rated sole. The padding in the collar ensures added comfort and ankle support to the wearer while the bellows tongue provides superior defense against unwanted debris entering the boot. The D-ring lace-up system ensures easy entry to the boot and swift removal when it matters most.

### Limpopo Brown & Black

**Size:** 2-12 Black/Brown SANS/ISO 20345

Available in your colour of choice the Limpopo merges style with functionality by providing superior grip with its SRC slip-resistance rated soles. Designed with a padded collar and bellows tongue for increased comfort the shoe boasts a full-grain leather upper with Nubuck overlay. The inclusion of a mesh fabric in the collar and tongue ensures enhanced breathability to the wearer.

### Security boot STC

**Size:** 2-12 Black SANS/ISO 20345

Feel protected in our Security Boot with SRC slip-resistance rating that allows the wearer to traverse surfaces in wet and slippery conditions. Manufactured with a full-grain leather upper the padded collar and padded bellows tongue offer enhanced comfort to the wearer. This boot has found popularity amongst security guards in shopping centres due to the grip offered on slanted and tiled surfaces

## **LEMAITRE SLIP RESISTANCE**

### Sport / Apollo

**Size:** 2-12 Black SANS/ISO 20345

The Sport shoe has become a household name at petrol filling stations throughout the country due to its SRC slip-resistance rated soles and anti-static properties. The discerning black design allows this shoe to fit seamlessly with uniform requirements and coupled with its extended size curve the Sport has become a favourite in the industry.

### Striker

**Size:** 5-13 Black SANS/ISO 20345

The Striker shoe with a SRC slip-resistance rating gives piece of mind to those working in conditions where oils and spills are common. Comfort is provided by the padded collar and the padded bellows tongue protects the wearer from debris entering the boot. The classic black stylings allow this shoe to fit in with most outfits making it a popular choice in an array of industries.

## **LEMAITRE ALL-ROUND SAFETY**

### Eros slip-on shoe Brown & Black

**Size:** 5-12 Black/Brown SANS/ISO 20345

This slip-on-slip-off shoe has found popularity amongst those looking for a no-hassle safety shoe. The simple stylings and choice of colour has made this shoe a favourite amongst management personnel allowing them to move seamlessly between the office and factory environments. Fitted on the lighter Gladius sole unit the Eros provides increased slip-resistance and better stability.

### Maxeco SMS Tan & Black

**Size:** 2-13 Black/Brown SANS/ISO 20345

The legendary Maxeco boot has made a name for itself in a number of sectors due to its ability to move seamlessly between varying terrains. The padded collar and padded bellows tongue provide comfort while the extended size range enables procurement to easily cover the size curve of their workforce. Available with or without a steel toe cap with the added choice of a steel midsole the Maxeco boot has become the go-to boot of choice in the presence of general working hazards.

**LEMAITRE**

## ALL-ROUND SAFETY

### Maximus

**Size:** 3-13 Black SANS/ISO 20345

Designed to incorporate technological advancements in the all-round safety category the latest addition to the Maxeco range brings the wearer more in all-round safety. It incorporates a lighter sole unit and increased width in the sole enhances the slip-resistance of the boot providing better stability and reduced shock impact. The inclusion of a reflective insert at the rear of the boot ensures increased visibility in low light.

### Maxeco Metaguard

**Size:** 3-13 Black SANS/ISO 20345

Born from a need for an all-round safety lace-up boot that provides enhanced protection to the metatarsal area the Maxeco boot was updated to include a highly durable metaguard. The Metaguard safety boot provides an extended size curve making it easy for procurement departments to provide the same spec boot for their staff.

### Frontier (Robust NSTC) Tan & Black

**Size:** 2-13 Black/Tan SANS/ISO 20345

The Robust shoe has found popularity in the market due to its corporate inspired design paired with safety functionality. The padded collar ensures comfort and ankle support while the metal rivet and cap enhances the durability and adds sophistication. Available in a choice of black or tan the shoe is available with or without a steel toe cap to suit the wearer's requirements.

### Spartacus

**Size:** 3-14 Black SANS/ISO 20345

The partner shoe to the Maximus boot Spartacus incorporates technological advancements in the all-round safety category to bring the wearer more in all-round safety. It incorporates a lighter sole unit and increased width in the sole enhances the slip-resistance of the boot providing better stability and reduced shock impact. The inclusion of a reflective insert at the rear of the boot ensures increased visibility in low light.

## COMFORT & FATIGUE CONTROL

### Explorer

**Size:** 5-12 Black SANS/ISO 20345

The Explorer safety shoe with extra-wide fitting steel toe cap is recommended for individuals who spend long hours on their feet. The shoe boasts a full-grain leather upper with padded collar and bellows tongue and features easy lacing D-rings for fast removal in an emergency. The parabolic concave curve of the sole cushions impact and adds spring by absorbing the wearer's mass.

### Hunter

**Size:** 5-12 Black SANS/ISO 20345

The partner to the Explorer shoe the Hunter boot is designed for comfort and recommended for those who spend extended hours on their feet. A durable full-grain leather upper is paired with a padded mesh collar to offer comfort and ankle support to the wearer. The padded bellows tongue ensures defense against debris entering the footwear and the D-ring lacing system allows fast removal of the boot when needed most.

**LEMAITRE**

## COMFORT & FATIGUE CONTROL

### Nomad

**Size:** 5-12 Black/Brown SANS/ISO 20345

The Nomad safety boot is recommended for those spending long hours on their feet. The full bellows tongue gives utmost protection from debris entering the footwear while the padded collar offers exceptional comfort and ankle support. The Nomad's D-ring lacing system ensures quick release when it matters most and the extra-wide steel toe cap ensures the perfect fit for the South African foot.

### Odyssey

**Size:** 5-12 Black/Brown SANS/ISO 20345

The Odyssey safety boot is designed for maximum comfort to suit workers who spend long hours on their feet. The comfort provided by the padded collar and padded bellows tongue is complemented by the cushion impact provided by the parabolic curve in the sole. The reflective Ghillie lacing loops enhance the visibility for those working on roads and at night and the double stitching of the leather upper adds extra strength to enhance the durability of the boot.

### Outeniqua Brown & Black

**Size:** 5-12 Black/Brown SANS/ISO 20345

Stand for extended hours with the Outeniqua boot offering extreme comfort and breathability. The strategically placed mesh fabric assists with ventilation and aids in keeping feet cool in warm environments. The reflective Ghillie loops enhance the visibility for those working on roads and at night and the parabolic concave curve in the sole cushions impact and adds spring by absorbing the wearers mass.

### Quest Brown & Black

**Size:** 5-12 Black/Brown SANS/ISO 20345

The Quest safety shoe offers superior comfort for wearers who spend long hours on their feet. The fashionable double stitched upper with metal rivets provides extra strength and durability while the padded collar offers enhanced comfort and ankle support. The sole has the inclusion of a parabolic concave curve to cushion impact and add spring by absorbing the wearer's mass.
